

BorneStationnement.h

```
graph TD; A[BorneStationnement.h] --> B[Borne.h]; A --> C[string]; B --> C;
```

The diagram illustrates the dependencies of the header file BorneStationnement.h. It is shown as a grey box at the top. Two blue arrows originate from its bottom edge: one points to a white box labeled Borne.h, and the other points to a white box labeled string. A third blue arrow points from the Borne.h box to the string box, indicating that Borne.h also depends on the string type.

Borne.h
